Art Unit: 1618

Claims 1, 13, 14 and 31 are presented for examination.

The remarks filed on December 1, 2006 have been received and entered.

Claims 1, 13, 14 and 31 are rejected under 35 U.S.C. 103 (a) as being unpatentable over Goodman (WO 98/27960) in view of Fleischer (1999, abstract only) or Fleischer (1999) and Miller et al. (1980, abstract only) for the reasons set forth on pages 2-4 of the office action of August 1, 2006.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant in his remarks refers to WO'817 trying to establish that there are different types of eczema. The arguments are noted, however such arguments will not overcome the prior art rejection. The prior art clearly teaches that the claimed compounds have been previously used for the treatment of eczema in general. Fleischer et al. teach that atopic dermatitis is a form of eczema. Thus, it would have been obvious to a person skilled in the art to use a compounds being used for the treatment of eczema in general for the treatment of atopic dermatitis. The fact that WO'817 teaches that the claimed compounds have been previously used for the treatment of one type of eczema does not mean that it cannot be used for the treatment of any other types of eczema or atopic dermatitis. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 1, 13, 14 and 31 are properly rejected under 35 U.S.C. 103 (a).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1618

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
